Create account and add Amac to Apple Business Manager

Amac Pro 2024

## How to create an account?

To link your devices to Apple Business Manager (Automated Device Enrollment (formerly DEP) and VPP), it is necessary to create an account for it. You do this by following the steps below.

- 1. On a Mac or pc, go to business.apple.com
- 2. Click Sign up now at the bottom of the page
- **3.** Fill in the requested information.
  - **a.** We recommend under **Work email address** to use a general email address (e.g. it@companyname.com).
  - **b.** You can request your organization's D-U-N-S number via order.altares.nl. The cost for this request is €15.00.
- **4.** Apple Business Manager registration takes approximately 5 business days. An Apple representative will contact you for verification after which the account will be activated.
- An Apple representative will attempt to contact the verification contact twice. If the contact has failed you will need to contact Apple yourself by phone at 0800 020 15 79 to complete the verification process.

Has the above been completed? Go to the next page to link Amac to Apple Business Manager.
